

Dr Kieran Hogarth
CCT FRCR MBBS BSc
Consultant Neuroradiologist

Dr Hogarth is a Consultant at the Royal Berkshire Hospital, where he is the lead radiologist for neuroimaging. He accepts instructions for adult and paediatric neuroradiology in personal injury and clinical negligence cases.

His particular areas of expertise include:

- paediatric neuroimaging, which includes CT and MR scans of the head and spine;
- adult brain and spine imaging;
- adult craniofacial imaging;
- adult orbital imaging;
- adult head and neck imaging and ENT

Medicolegal Partners have an experienced team skilled in all aspects of the administration involved in instructions to our various expert medical witnesses. This leaves experts free to utilise their precious time to focus on giving you and your client their medical and medico legal expert advice and support. You, or an agency working with you, can pick up the phone and speak to us any time.

+ Experienced expert witness

+ Average annual instructions: > 40

- Claimant: 90%
- Defendant: 10%
- Personal injury: 80%
- Clinical Negligence: 20%

+ Extensive courtroom experience
